Nanumunga

Jacques-Louis David (August 30, 1748 – December 29, 1825) was a highly influential French painter in the Neoclassical style. In the 1780s his cerebral brand of history painting marked a change in taste away from Rococo frivolity towards a classical austerity and severity, chiming with the moral climate of the final years of the *ancien régime*.

Overview

Insigne is pleased to release Nunamunga, inspired by the carefree antics of tropical fish. Designers will find this typeface is useful whenever a relaxed and lighthearted typeface is required. Nunamunga is a versatile face. The font includes small caps and a shadow alternate for titling. Some potential uses are advertising for children's products, tropical destinations, or just whenever you need a slightly different "cartoon" look.
